

CONTEST: WHERE'S THAT SCHOOL?

Everyone (probably) knows that UCLA is in Los Angeles. Duh! It's in the name. But sometimes it's not quite that simple. © Test yourself. **Draw a line from the college or university in the left column to the city which it calls home in the right column.** (Neatness doesn't count—but try to keep it legible). Of course, you can look it up—

and, after you do, **scan or copy this page and send your entry to editor@crestnetwork.com or fax it to 817.924.7116 on or before March 31st** for a chance to win a Withings Sleep Tracking mat (see page 17) or other valuable prize.
